## 2024 PLAY SAFE 2DAY SURVEY

Monitoring the emotional pulse of sports participation

### EXAMPLE: TEAM NAME

Take the Survey:  
Scan the QR Code

The purpose of this survey is to permit teams, coaches and organizations to identify ways to consider improving their participants' positive competitive experiences. No personal data will be collected and respondents' responses will be consolidated and reported in aggregate. The "Play Safe 2Day Survey" consists of a series of multiple-choice questions that ask about the respondents' degree of enjoyment in conjunction with their participation in competitive activities. The aggregated data collected will be used to create baseline, peer organized, comparative reports to be provided to the participating teams, coaches, and organizations for consideration.
